Snowmobile triggered avalanche Twin Peaks

Date
Sun, 03/03/2024 - 03:40
Activity
Snowmobiling

Secondhand photo and story regarding two snowmobilers sidehilling the northwest aspect of Twin Peaks and triggering the slide in the photos. They were both able to ride out of it. This avalanche is located about 150 yards north of the Twin Peaks avalanche accident site from January 2024.

Region
Butte Area
Location (from list)
Flint Creek Range
Observer Name
Will Shoutis
