

Natural Avalanche on the Fin

Republic Mountain

Cooke City

12/16/2024

Code

SS-N-R2-D2

Elevation

9800

Aspect

E

Latitude

45.00500

Longitude

-109.95700

Notes

The clouds broke briefly around noon today in Cooke City. It looks like the Fin [slide](#) naturally in the past day or so (12/15 or 12/16). It looks like two sections of the face slid, one from the top, and one lower and to the right in the photo.
